To Whom It May Concern:

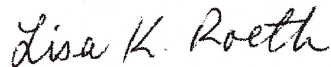

It is with genuine pleasure that I write this letter of recommendation for Anastasia Ignashkina who is seeking application to college. Anastasia is currently a student in my Honors Pre-Calculus class at Cypress Lake High School and is one of my top students. I am fortunate to have her as a student in my classroom. She demonstrates strong leadership qualities, a passion to learn, and a commitment and work ethic to do her best to succeed.

Anastasia exhibits qualities of leadership in class by volunteering to share strategies and model solutions to math problems. I have observed her willingness to ask questions and the joy she seems to feel from being able to understand the concepts.

Anastasia is prepared for class with homework attempted and specific questions ready if unsure of a process. She is also willing to do additional work and test corrections to improve her grade and understand the math topics. She values education and seeks to improve her skills to be the best she can be. This commitment to being successful along with a strong work ethic will transfer to her goal of attending college and becoming a successful person.

Given Anastasia's outstanding leadership qualities, passion for learning and strong work ethic, I recommend her for acceptance to college and scholarships that she may apply for.

Sincerely,

A handwritten signature in cursive script that reads "Lisa K. Roeth".
