Admissions Office/To Whom it May Concern:

Anastasia Ignashkina was in my Physical Science class for the first quarter of this semester. Over that time, I was consistently impressed with her analytical skills. She learns quickly and has excellent communication skills. Anastasia also demonstrated good teamwork skills in group activities.

At a personal level, Anastasia is dedicated, disciplined, and has a pleasant personality. She is able to work well in different situations. She speaks Russian and English plus has taken courses in Spanish in high school. I appreciate her willingness to learn and pay attention in class every day.

Anastasia is unquestionably an exceptional candidate for university studies. It enthusiastically recommend her for admission to college. She is a truly gifted student.

If I can be of any further assistance or provide you with any further information, please do not hesitate to contact me.

Sincerely,
