To Whom It May Concern:

Anastasia Ignashkina currently is a student in my senior English class at Cypress Lake High School in Fort Myers, Florida. She is earning an "A" average and always is willing to share her thoughts about our lessons. She is an inquisitive and intelligent person who is a joy to have in my class.

As a student, Anastasia stands out from her peers. She is ambitious and eager to expand her knowledge about all topics. When she speaks in class, her questions and answers are well phrased, and she has a genuine desire to engage in intellectual conversation.

In addition to her academics, Anastasia has been a member of Swim Florida, and she also has participated in dance and acting activities. She has worked as an office assistant, and she is bilingual in Russian and English.

A mature young woman, Anastasia is an excellent candidate for academic study beyond high school, and I enthusiastically can recommend her for any programs and scholarships for which she applies.

Sincerely,

A handwritten signature in black ink that reads "Roslyn Anderson". The signature is written in a cursive, flowing style.
